Giovanni Toraldo

Lead Developer at ClouDesire.com
Pisa Area, Italy

Summary

I am good at coding, automating cloud infrastructures, writing articles
and speaking at conferences.

Experience

Cloudesire
Lead Developer & Co-Founder
January 2016 - Present
Pisa, Italy

Design, development and management of a distributed cloud management
platform to deliver SaaS, with integrated applications auto-deployment,
monitoring and billing tools, using a plethora of open-source frameworks and
libraries, such as: Spring, Hibernate, ActiveMQ, Hazelcast, jclouds, Chef,
Jenkins.

Organizing the daily activities for each developer of the team, always keeping
an eye on next features, tuning up the Continuous Integration and Continuous
Delivery pipeline, watching logs and hunting bugs.

Packt
Author and Technical Reviewer
January 2012 - December 2017 (6 years)

2012, written OpenNebula 3 Cloud Computing

2017, review of Git Essentials Second Edition by Ferdinando Santacroce
2016, review of Mastering Redmine Second Edition by Andriy Lesyuk
2015, review of Git Essentials by Ferdinando Santacroce
2014, review of Gitolite Essentials by Sitaram Chamarty
2013, review of Mastering Redmine by Andriy Lesyuk

Liberologico
Software Developer
October 2012 - December 2015 (3 years 3 months)
Pisa Area, Italy
